## SUPERINTENDENT'S REPORT

---

*To the School Board and Citizens of Danville:*

I am privileged to submit this annual report, the ninth in the series.

### SCHOOLS AND DEMOCRACY

“The free common school is America’s greatest gift to humanity. It belongs to the heritage of intelligent and responsible citizenship established by our pioneering forefathers. It is necessary to the success of our Republic. The School is the surest guarantee of our personal rights. It is the safeguard of our political liberties. It is the bulwark of our representative institutions. The school seeks to enrich and ennoble home life. It develops the skills needed in agriculture and industry. It helps to awaken ambition and to establish character. It emphasizes responsibility to the common good and the general welfare. Because we believe in ourselves, in democracy, and in the future, we seek through the schools to improve the quality of our lives”.

### TEACHERS

I am mindful of the excellent work which a faithful, trained group of teachers is able to accomplish. They have shown evidence of energy and efficiency in school procedures which is of great importance to the affairs of this world, namely in the education of the great masses. We understand the great trials and tribulations with which they are confronted. No one appreciates more than I the service they are able to render in the solution of the problems so many differing personalities offer to them.

You will note that the same efficient corps of teachers remains in your schools. Their retention speaks volumes in appreciations.

## EDUCATIONAL PROGRESS

The progress of your pupils may be illustrated by these results taken from the May 1935 tests.

	<i>Reached or bettered grade</i>	<i>Below grade</i>
Grade I .....	9	0
Grade II .....	4	0
Grade III .....	9	0
Grade IV .....	9	0
Grade V .....	10	0
Grade VI .....	8	1
Grade VII .....	8	0
Grade VIII .....	7	1

This table illustrates a most satisfactory condition namely the small percentage of pupils below grade. It is a happy factor and one, I assure you, which I wish prevailed in all the other towns of this Union. But alas, that is not to be. However, this does not detract one iota from the satisfaction you must feel that your pupils succeed so well under such able instruction.

## PER PUPIL COST, 1934-35

	Average No. Elementary Pupils	Per Pupil Cost	State Aid Per Pupil	1934- 1935 Net to District	1934 1934 Net	1932- 1933 Net
Brentwood .....	\$97.60	\$56.87	\$21.65	\$35.22	\$38.57	\$38.33
Danville .....	68.30	62.26	24.52	37.74	37.25	39.16
E. Kingston .....	49.03	82.11	19.42	62.69	82.55	84.73
Epping .....	313.90	46.39	18.30	28.09	30.77	34.12
Fremont .....	169.22	52.54	11.59	40.95	34.34	51.14
Kingston .....	135.32	66.92	19.32	47.60	45.00	48.76
Sandown .....	40.03	80.86	36.20	44.66	36.81	44.86
South Hampton ..	32.55	95.07	31.94	63.13	65.24	82.56
State Median		76.97				

The above shows clearly just how valuable to you is the State Aid. If you were called upon to shoulder the whole burden of the cost, reference to the second column gives you the total; while the third column shows the State Aid and the

fourth the net to you. The fifth and the sixth columns are included only for comparative purposes.

#### DISTRIBUTION OF THE 1934-35 SCHOOL DOLLAR

The following table shows just what proportion of each dollar available for school purposes was used for the separate items:—

##### *Administration*

Includes Supt. Excess, Officers' Salaries and Expenses .....	.037
--	------

##### *Instruction*

Includes Teachers' Salaries, textbooks and supplies .....	.411
---	------

##### *Operation and Maintenance*

Includes Fuel, Janitors, Lights, Repairs .....	.071
--	------

##### *Auxiliary Agencies*

Includes Nurse, Transportation, Tuitions .....	.456
--	------

##### *Fixed Charges*

Includes Per Capita Tax, Insurance .....	.023
--	------

##### *Outlay for Plant or Equipment*

Includes Major repairs, New Equipment .....	.001
---	------

As the major share of the amount listed opposite Auxiliary Agencies is for the payment of high school tuition—based upon the instructional expense of the high school—it is readily seen that Instruction takes up nearly 70% of the total expenditures.

## THE SCHOOL PLANT

Last summer, the North Danville school was put in the best condition I have ever seen it. There are no further needs there for the present. At the same time, the ceilings at the Eaton School were brightened. The walls are of a dark color and should be painted a much lighter shade. This work appears necessary this coming summer. The outside of the Eaton School likewise needs painting. Let us anticipate the return of better times and begin consideration of repairs or changes to the toilet facilities at this school.

## SCHOOLS OF TODAY

Whatever may be wrong with this country, the public schools cannot be charged with the whole responsibility for it. Yet, we are well aware of the many criticisms that are directed at them. We are quite sure that errors are evident, yet we strive to reduce these to the lowest minimum. We believe that education of today is a sane procedure to help the individual realize on his possibilities. We aim to improve character, to impress neighborliness and duty, to improve social responsibility, and to prepare youth for the life they must live whether they desire to or not. We must be progressive to meet the changing conditions the same as industry has to or is forced to by circumstances beyond its control. The schools must go on.

I would not be unmindful of the generous support given me by the corps of teachers, the helpful advice of a faithful Board, and the loyalty of an active citizenry. To all, I express my gratitude.

Very respectfully,

HAROLD C. BOWLEY,  
*Superintendent of Schools*
